

How to subscribe to Minnesota Housing's RSS Feed in Outlook:

1. Open Outlook and click on Tools>Account Settings
2. Under Account Settings, go to the RSS Feed Tab
3. Click "New"
4. Paste the link <http://www.hitrss.com/rss/mnhousing.xml> in the window that pops up (hint, you may need to use the keyboard command Ctrl+V, as a right click menu may not pop up)
5. Click "Close" on the next window, and you are done. The Feed will appear under "All Mail Items" in the RSS Feed Folder. As the feed is updated, your messages will automatically appear.

From an RSS Reader service—for this example, we can use Google Reader

1. Go to [www.google.com/reader](http://www.google.com/reader)
2. Log in with Google Account
3. Click "Add a Subscription"

4. Paste the URL: <http://www.hitrss.com/rss/mnhousing.xml> into the window that appears.
5. The feed is now subscribed.
